South Garden Estates Neighborhood Reconstruction

Dear Resident,

Late this week and early next week crews will be onsite doing general site cleanup and taking care of a few outstanding items.

The sod that was recently placed onsite is currently undergoing a 30 day warranty period. The sod will be inspected just prior to September 12, 2009. Any sod found that is dead will undergo a replacement at that time. Crews will not replace sod prior to the warranty deadline. This allows them to move in onsite to replace all the sod at once.

At this time, crews anticipate paving the final layer of blacktop sometime during the first week in September. Plans are to have the job completed before school starts up.

All repair work to irrigation, pet fences, and driveways will be required to be completed in full by September 30, 2009 – NO EXCEPTIONS! Please have the invoices sent in to me at City Hall. Keep in mind only residents with existing working irrigation/pet systems damaged by the reconstruction can send a bill in to have it covered by the City. If you are installing a new system, these expenses will not be reimbursed.

As always, please feel free to contact me if you have any questions. I can be reached in the office at 952-826-0444 or akuznia@ci.edina.mn.us

The City of Edina as well as Midwest Asphalt and the rest of the crews would like to thank you for your cooperation during this project.

Aaron Kuznia - Project Inspector / Project Manager, City of Edina
City Extra #15

South Garden Estates Neighborhood Reconstruction – August 19, 2009
